Document Body

DaMonica

I am sending messages and specific reports (e.g., Biology, Cultural) to resource agencies and asking that they review the information and concur in our conclusions about no impacts. Specifically, information has gone to US Fish and Wildlife, California Dept of Fish and Game, and State Historic Preservation Office. As we get responses, I will keep you in the loop. As I noted previously, this is to ensure that EPA has a complete file demonstrating coordination with the agencies.
